Terminal Disclaimer

1. The terminal disclaimer filed on 03/19/2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,268,048 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with G. Peter Nichols on 04/01/2004.

The application has been amended as follows:

The claims:

Claim 4: line 1, delete "3" and insert --1--.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: Note that the double patenting rejections have been overcome by the terminal disclaimer field on 03/19/2004. The combination of Callahan with Radovanovic fails to teach or suggest the porous, flushable, ductile, breathable film as defined in claim 1 or 19 wherein poly(ethylene oxide) comprises from about 1% to about 30% by weight of grafted polar vinyl monomer or wherein the flushable film comprises a personal care article.

Application/Control Number: 09/421,818

Art Unit: 1771

There is no connection between the cell separators in the Callahan invention with the diapers of the presently claimed invention because as a separator, the polymer of Callahan is limited by its utility to be insoluble contrary to the requirements of the instant claims. Accordingly, the instant claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
